

ELETRIC MEAT SAW

TKCU-EBMS

STANDARD FEATURES

Counter model, Aluminum construction

- ✓ Equipped with a powerful 750W pure copper motor, this meat band saw delivers impressive cutting performance, efficiently processing up to 300 kg of meat per hour. The stainless steel blade and precision gears ensure smooth and uninterrupted cutting of hard bones and frozen meat.
- ✓ The large stainless steel worktable features precise graduated lines for accurate cutting. The adjustable thickness setting ranges from 4 mm to 200 mm, allowing for perfect cuts whether slicing thin ham or thick bone pieces, catering to various cutting needs with ease.
- ✓ Built from high-quality reinforced stainless steel and aluminum alloy, this band saw is designed for durability and long-term use. It comes with six sharp blades that can effortlessly cut through various types of bones and frozen meats. The machine is resistant to wear and scratches, ensuring a rust-free and long-lasting tool.
- ✓ Safety is a top priority with this meat band saw. It includes a single-button switch for simple operation and features a stainless steel pusher plate and rod to keep hands safely away from the sharp blade during use, providing peace of mind while achieving excellent cutting results.

PRODUCT SPECIFICATIONS

Dimensions	52 x 49.5 x 87.5 cm
Power	750 W
Voltage	220 V / 50 Hz
Weight	31.7 kg
