

DOUBLE ELECTRIC PANINI GRILL

TKOT-DEPG57

STANDARD FEATURES

Double heads

- ✓ This commercial panini press features a durable stainless steel casing and cast-iron grill plates with an enamel coating. The grooved plates ensure even heating, while the anti-scald handles provide safe operation. Additionally, the antiskid feet offer stability during use.
- ✓ The top and bottom grids heat simultaneously, eliminating the need to flip food. With upper and lower grill sizes of 27 cm x 23 cm, this grill ensures fast and uniform cooking for perfectly grilled paninis and other items.
- ✓ Featuring rotary knobs for precise temperature adjustments, this commercial sandwich press allows you to set the temperature from 50-300°C (122-572°F). The LED lights indicate the heating status, ensuring optimal cooking conditions.
- ✓ This panini press includes a grease tray for easy collection of waste oil and residue, keeping the cooking area clean. Air vents are designed for effective and fast cooling of the grill, enhancing its performance and longevity. Its versatile application makes it perfect for cooking a variety of foods, including vegetables, meat, steaks, squid, pancakes, Panini sandwiches, and hamburgers.
