

AUTOMATIC COFFEE TAMPER MACHINE

TKPE-CPP-145

STANDARD FEATURES

Variable pressure

- ✓ Perfect Tamp Every Time – Without Human Error: Automates pressure and depth for an ultra consistent tamp, eliminating wrist fatigue and variation between baristas — ensuring uniform espresso extraction even during rush hours.
- ✓ Adjustable Tamping Pressure from 10 to 30 kg: Customizable force settings via intuitive digital display allow precise tuning to your coffee type and grind — from specialty light roasts to traditional blends.
- ✓ Sensor-Activated Hands-Free Workflow: Contactless portafilter detection triggers the tamp cycle in under 1.5 seconds, streamlining your coffee station and reducing repetitive strain on your team.
- ✓ Compact, Corded or Battery-Powered Operation: Designed for mobility and ease, it can run on either direct power or integrated battery (model dependent) — ideal for carts, events, and small counters.
- ✓ Hygienic Design with Dedicated Clean Mode: Equipped with a one-touch cleaning cycle and removable tamper disk, the unit makes daily hygiene quick, safe, and fully barista-proof.

PRODUCT SPECIFICATIONS

Dimensions	16 × 20 × 30 cm
Power	65 W
Voltage	220 V / 50-60 Hz
Tamping force range	Adjustable, 10-30 kg
Operation time	~1.5 seconds per tamp cycle
Activation method	Infrared sensor (hands-free trigger)
Clamp compatibility	Adjustable to fit most commercial portafilters
Cleaning features	Clean mode with disk lowering & locking
