

BACK BAR COOLER

TKSA-BBC2GD

STANDARD FEATURES

Double glass hinged door, black interior

- ✓ This cooler is equipped with two automatic self-closing glass doors, enhancing energy efficiency by maintaining consistent internal temperatures. This feature is crucial for preserving optimal beverage conditions, particularly in busy bar and cafeteria settings.
- ✓ Features fan-assisted cooling that ensures uniform temperature distribution across the unit, ideal for high-traffic environments where doors are frequently opened.
- ✓ Fitted with internal LED lights, this cooler offers superior visibility, allowing customers to easily view and choose their beverages.
- ✓ Comes with three adjustable shelves, providing flexible storage solutions to accommodate varying beverage sizes and stock levels. This adaptability maximizes space efficiency, making it a valuable asset in commercial settings.
