

SELF SERVICE REFRIGERATOR

TKSA-SSR200

STANDARD FEATURES

Black exterior/interior

- ✓ Equipped with a digital controller and thermostatic expansion valve, it maintains an optimal temperature range (M1/M2), ensuring products stay fresh and safe for longer.
- ✓ The night curtain feature conserves energy during non-operational hours, significantly reducing electricity costs without compromising cooling performance.
- ✓ LED lighting on every shelf provides bright, even illumination, making products more appealing and drawing customers' attention to the display.
- ✓ With features like automatic defrost, automatic drain, and adjustable shelves, it's designed for easy upkeep, ideal for high-demand retail settings.
- ✓ With a narrow width of only 66 cm, it fits comfortably in various store layouts, maximizing display capacity in limited space.
