

UPRIGHT FREEZER

TKSA-UF600

STANDARD FEATURES

Single glass door

- ✓ Engineered to accommodate 600x400 trays, this freezer offers a substantial storage capacity of 535 liters, designed for high-volume commercial applications. It maximizes space efficiency for bulk storage needs.
- ✓ Equipped with six robust, adjustable shelves, the freezer provides a versatile shelving system that can be configured to meet diverse storage requirements. The shelving units support various load capacities, enhancing the freezer's adaptability for different product types and sizes.
- ✓ Featuring a high-performance cooling system with precision temperature control, this freezer ensures rapid temperature recovery and uniform cooling throughout the unit. It utilizes a forced-air circulation system to maintain consistent temperatures, ensuring optimal storage conditions.
- ✓ The freezer is designed with double-glazed, low-emissivity glass doors that provide superior insulation, significantly reducing energy consumption. Additionally, the integrated high-efficiency LED lighting system enhances visibility inside the freezer, minimizing the need for door openings and further conserving energy.

PRODUCT SPECIFICATIONS

Dimensions	77.5 x 72 x 185 cm
Temperature	-18 °C to -22 °C
Volume	535 L
Rated current	1.8 A
Refrigerant/Mass	R-290A / 110 g
Energy source	220 V / 50 Hz
Foaming agent	C5H10
